Pg

## OUR SERVICES INCLUDE:

### ● **FUNDING FRAMEWORK REVIEW**

Working in close partnership with you, we examine your current granting priorities and identify if they are aligned with your internal strategic plan and any other relevant organizational priorities. A new, updated funding framework will be created, accompanied by a performance measurement framework for data collection and reporting.

### ● **GRANTEE SURVEYS**

A survey of successful grantees and unsuccessful applicants is conducted to assess the ability of diverse organizations to access your funds, identify barriers and/or successes in your granting practices, and gather intelligence on funding priorities.

# ASSESSMENT

## ● SUBMISSION ASSESSMENT

We review your application process, timelines, application guides, applications and grant submission platform/portal to identify any mis-alignment in the application flow, as well as barriers prohibiting equitable access. We can also provide technical portal services include user-testing, accessibility testing and data security assessment.

## ● ENVIRONMENTAL SCAN

We identify other funders working in the same geographic or priority area as you and makes recommendations about partnerships and/or areas of funding overlap. Supplemental work may also include conducting research to identify best practices and funders across Canada that have enhanced DEI in their funding programs.

# CONNECT WITH US

At YellowTree, we believe that a well-funded non-profit sector achieves justice for everyone. Let's work together to improve your funding.
